

Orinoco

The Oxfordshire Scrapstore

Update 01/09/06

Everywhere you look in the high street, stores are running "Back to School" promotions. Here at Orinoco, we're running a "Back to School (again)" promotion. We've got box files at 30p, A4 ring-binders at 20p and A4 mini-binders at 10p. The mini-binders are great for projects and presentations and are just crying out to be customized. We've got around 4000 of them but they're going fast.

Annie Sloan - practical style have given us hundreds of litres of transparent glaze paint. This is fabulous for paint effects that allow different base colours or original wood grain to show through. It's all brand new, unique to Annie Sloan and fantastic quality. Check out www.anniesloan.com

We've finished sorting the Feng Shui paint from Focus DIY and it's flying out of the doors. There are still loads of shiny, sparkly, metallic and pearl finish match-pots left. Fill a scrap bag with funky paint.

The full catalogue can, as always, be downloaded from our website: www.oxorinoco.org

September 8th is the National Scrapswap in Milton Keynes. We'll be swapping our surplus with other stores. Want to come and help? Phone or email for details.

Open Saturdays 11am-4pm
