

# Fairy Princess Wands

This kit contains almost everything you will need to make three fairy princess wands.

You will also need three fairy princesses some sticky tape and some scissors (not supplied).

Fairy princesses under 5 years old will need help from grown ups to make their wands.

In the kit you will find red ribbon, gold ribbon, blue plastic rods and gold paper.

Cut the ribbon up into 30cm (ish) lengths.

Get some sticky tape and lay it on the table sticky side up (curl the ends under and stick them to the table).

Now lay the ribbon on the tape so it dangles down over the edge of the table.

When you've filled up the tape (leaving a few sticky gaps) you can wrap the tape round the end of the blue plastic rod.

You can use the gold paper to decorate the handle.

You can add all kinds of other stuff too.

Play, Create, Decorate with Orinoco.
