

Orinoco

The Oxfordshire Scrapstore

Update 08/08/06

Latest arrivals at the store include brand new paint thanks to Focus DIY. They've discontinued their Feng Shui range of paint and we've collected all the stock in Oxfordshire. Fantastic colours: sparkly, gold, silver, bronze, etc, and amazing glitter and gold-leaf effect glazes. We're giving the paint away for FREE but always appreciate a donation to cover our costs.

The fabric off-cut sale at the end of July raised over £500. We sold six pallets of fabric, leaving us with just four pallets in the store - far easier to manage. The sale helped push our total takings for July up to £1,500.

Fabric prices remain £2 for a bag of scraps and 50p to £2.00 for a roll of up to four metres.

Just in, Forex board. This is plastic board that is excellent for painting and writing on. Rescued from a company that designs exhibition stands and available in-store now. We've got a van full so there's plenty to go around.

We've got a massive number of cardboard tubes: great for didgeridoos, jousting poles and for building things.

The full catalogue can, as always, be downloaded from our website:
